Week 09

Kia ora koutou e te whānau o Hāto Paora,

Welcome to Māori Language Week
Te Wiki o te Reo Māori.

Whaea Jess has been working at St Paul's School since the beginning of this year teaching Te Reo Māori to all our children. It is a joy to hear Māori being spoken by the children. Many greet her and other teachers in Māori every day.

I am so thankful for Whaea Jess' gifts. Not only are students learning Te Reo Māori so too are staff.

The Education Review Office have concluded their review of St Paul's School. The report will be sent later in the middle of Term Two. Mrs Stoney was very impressed. She loved our Children saying that they are very welcoming and respectful, engaged in learning and very friendly. She stated that our delivery of the curriculum was excellent, our school

exemplifies excellence in inclusive practice and provides a safe learning environment focused on promoting students' wellbeing with excellent home school partnerships. St Paul's School has a systematic approach to planning for sustained school improvement and innovation. She observed our teachers teaching mathematics using the Maths No Problem approach and felt that the school was already delivering a structured approach to teaching mathematics. She stated the same for the delivery of the structured approach to teaching reading.

These were just some of the comments. When the final report is received, it will be shared with the community.

Our Year 6 students have an opportunity to test their mathematics skills competing in the Otago Problem Challenge. Well done for achieving credit: Georga Ewart, Indi Rose Tuimavave Clarke, Aebel Abhilash, Odhran O'Donnell, Kaharau Henry and Noah Wulf.

Well done to our students who competed in the Australian Mathematics Competition.
